It is a story of dedication, sacrifice, reconciliation, healing and deep ties, both personal and economic, between people an ocean apart.

Come and join us as the author, John Adams, brings this incredibly touching story to life. He will also show a film marking the opening of this exhibit in Belgium 2014 and you will hear of the exciting plans to bring this exhibit to a new Museum to be built in the Bryan/College Station area. The presentation and lunch will last about an hour and then you will have time to wander and view the exhibit at your leisure.

You can learn more about the exhibit at: <http://aggiesgotowar.org>

\*Also please note, that the Board of the exhibit, has a Speakers Bureau that is willing to travel to Aggie Moms' Clubs around the state to present this program. Might be just the perfect fit for one of your Club Meetings!
