- In order for parents/guardians to view their student's grades, the student must request this access for them in the Parent/Guardian Access channel on the My Record tab in Howdy. Within the "Financial Aid, Academic Record, and Tax Forms" link, the student must click on "Add or Edit Access" and click on the "Academic" box for parents/guardians to have access to their student's schedule, grades, and enrollment verification information. The student will receive verification of their request and be given instructions to ask their parent/guardian to check their email for a message providing them with a web site to visit, along with a "token" number to activate their accounts within two weeks of receiving the initial email message. The parent/guardian will then will receive an email telling them to activate his or her NetID. Once this is complete, the parent/guardian should be able to access Howdy within 24 hours.

For more detailed instructions on how a student can sign up a parent/guardian for access to Howdy, please visit the CIS Help Desk Central web page explaining the process step by step.
