Where do I go if I am sick?

To help ease the concern regarding available healthcare options for AGGIE STUDENTS, I wanted to provide a brief overview of the healthcare services we have available for all currently enrolled students.

Medical Services

- Our [Medical Clinic](#) offers a wide range of services, such as diagnosis and treatment for allergies, cold, flu, and other respiratory infections; strains and sprains; depression and anxiety; general and activity physicals; women's health related issues and more.

Our Medical Clinic also offers travel consultations for students planning to travel abroad.

- SHS offers **telemedicine services** for students that allows them to consult with a clinician from the comfort of their residence. To utilize telemedicine services, students must be physically located in the state of Texas during their visit.
- In-person and telemedicine appointment can be scheduled online at shs.tamu.edu/appointments.

Additional Services

- Our **Laboratory** offers a variety of lab tests as well as many self-referral tests that do not require a clinician's order. Some self-referral tests available for students include blood sugar, blood type, COVID testing, lipid profile, STI testing and more.
- Students can fill/refill prescriptions as well as purchase affordable over-the-counter (OTC) medications in our clinic **Pharmacy**. OTC medications can be picked up in our Pharmacy or ordered online via our [OTC medication order form](#).
- **Nutrition Services** provides one-on-one nutrition consultations with students. A bod pod screening is also available that helps measure fat and fat free mass. First time appointments can be made on the [Patient Portal](#), by emailing dietitian@shs.tamu.edu, or by calling (979) 458-8327.
- Immunizations and allergy injections are available in **Preventive Medicine**. COVID-19, influenza, Meningitis, Rabies, and Tdap are just a few of the immunizations we provide.
- **Physical Therapy** and **Radiology** services are also available for students.

For more information on all available services, please visit our [website](#).

Cost + Insurance

SHS prides itself on providing affordable healthcare services to all students. We are transparent with our pricing prior to a student utilizing our services or receiving follow-up care. On average, the cost for a student to see a clinician for a general medical visit is \$15. Extra charges will be applied for additional services rendered. For information regarding our charges, visit <https://shs.tamu.edu/charges>.

SHS does not require students to have insurance to utilize our services. We are not an in-network provider for most insurance policies. We do, however, courtesy file on behalf of the student after services are rendered. To understand more about how SHS works with health insurance policies, visit <https://shs.tamu.edu/insurance>.

Contact Information

Student Health Services is open Monday-Friday, 8am-5pm. Telemedicine services are extended to provide after-hours care until 7pm on weekdays. SHS is in the A.P. Beutel Health Center on Military Walk, across from All Faiths Chapel and Sbisa. Find directions to our building [here](#).

Stay up to date with service updates, upcoming events, and more by following us on [Facebook!](#)

General inquiries can be submitted via our [contact page](#). If you would like to speak with an SHS staff member, Patient Services can be reached at patient-services@shs.tamu.edu or (979) 458-8310.

As always, please let me know if you have any questions!

Thanks and Gig 'em!
